**UNDER 18 YEARS OF AGE:** Students under 18 years of age when applying for university housing must have their parent or guardian agree to the Terms and Conditions of residence during the online application process.

**HOUSING OPTIONS/PREFERENCES:** It is not possible to know whether the COVID-19 pandemic will result in changes to operations in student housing and residential life in Academic Year 2022-23. Consequently, the University is not offering a housing guarantee. The University does not promise or guarantee Student an assignment to any particular room or building in University Housing or any particular room/apartment. The University may reassign or require Student to move to another room or building at the University's sole discretion, which may result in adjustments to the room rate based on the actual room accommodation. Student may be placed on a waiting list and assigned housing if/when it becomes available.

**LEGALLY BINDING CONTRACT:** Once a student is assigned housing the housing application becomes a **legally binding contract** that is **valid for the entire 2022-23 academic year**.

**CANCELLING HOUSING CONTRACT:** Prior to taking residence, if your plans change and you are unable to live in university housing, you must return to [studenthousing.ucsc.edu](http://studenthousing.ucsc.edu) and cancel your application/contract.

- If a **confirmed contract/reserved housing space** is cancelled, student will be billed for the advance housing fee and additional late cancellation fees may also apply (see section VIII for cancellation fee schedule).

After taking residence, requests for housing contract cancellation must be initiated through the [\*\*Disability-Related Housing Accommodation Needs:\*\* If you have documented disability-related housing needs you must submit a \*\*Housing Accommodation Request form\*\* in addition to completing the online housing application process. The [Principles of Community](#) further describe our campus values.

This Policy on Student Conduct and Discipline sets forth the applicable standards of our community and authorizes the administration of the student conduct process at UC Santa Cruz. All participants involved with the student conduct process are encouraged to reflect upon their role in the community and seek out opportunities for personal growth and development. The aspiration of the University is that students involved in this process will strengthen their competencies in communication, relationships, leadership, critical thinking, and active citizenship.

All such violations and the applicable student discipline procedures for responding to such conduct are instead addressed by the University of California Policy on Sexual Violence and Sexual Harassment and PACAOS Appendix E: Sexual Violence and Sexual Harassment Student Adjudication Framework. The UCSC Local Policy and Procedure for the Adjudication of Violations of the UC Policy on Sexual Violence and Sexual Harassment is located in Appendix W of the University of California, Santa Cruz Student Policies and Regulations Handbook.

### 101.00 Student Conduct

Students are members of both society and the University community, with attendant rights and responsibilities. Students are expected to comply with all laws and with University policies and campus regulations.
